

SAMARTH SANJAYKUMAR PATEL

Unjha, Gujarat, India | samarthpatel2706@gmail.com | LinkedIn | GitHub | samarthpatel.me

SUMMARY

Engineering student and full-stack web developer with hands-on experience building dynamic, user-friendly applications using the MERN stack, Flutter, and AWS cloud services. Proficient in integrating third-party APIs, developing scalable SaaS platforms, deploying containerized cloud infrastructure, and creating seamless user experiences using modern technologies. AWS Certified Cloud Practitioner with a strong foundation in database management, system security, and modern UI frameworks.

EDUCATION

Charotar University of Science and Technology (CHARUSAT)

Anand, Gujarat, India

Bachelor of Technology in Computer Science and Engineering

2023 – 2027

- Current CGPA: **8.94 / 10.0**

EXPERIENCE

Flutter Developer Intern

May 2025 – June 2025 (2 Months)

Agevole Innovation Pvt. Ltd.

Hybrid

- Developed the **Cash In-Out** mobile application using **Flutter** and **Dart**, delivering a responsive cross-platform UI and reducing payment tracking errors by **30%**.
- Integrated **Firebase Authentication** for secure user login and connected the app to **PHP-MySQL REST APIs** for real-time data synchronization, supporting **500+** concurrent sessions.

PROJECTS

Secure Cloud File Sharing System

February 2026

- Built and deployed a production-ready full-stack secure cloud file sharing platform using **React**, **Node.js**, **AWS S3**, **DynamoDB**, and **Docker** on **EC2**, supporting **20** concurrent users.
- Implemented **AES encryption** for file storage, **JWT authentication** for session management, **role-based access control (RBAC)**, and **Nginx** as a reverse proxy for secure traffic routing.

SMEGo – Business Management SaaS Platform

January 2025 – March 2025

- Architected a comprehensive full-stack SaaS platform using **Node.js/Express**, **Next.js (TypeScript)**, and **MongoDB** to streamline SME operations for **multi-tenant** environments.
- Delivered payroll management, CRM, invoicing (processing **100+** invoices), **Razorpay** payment gateway integration, and role-based dashboards for multi-tenant use.

Fixora – AI-Powered IT Helpdesk & Ticket Automation Platform

January 2026 – March 2026

- Built a full-stack IT helpdesk using **FastAPI**, **Next.js**, and **PostgreSQL (Supabase)** with role-based admin panel for ticket management and status/priority workflows. Integrated **Slack** and **n8n** automation pipelines for real-time incident response and streamlined IT support operations.

TECHNICAL SKILLS

Languages & Frameworks: Python, JavaScript, TypeScript, Dart, React.js, Next.js, Node.js, Express.js, FastAPI, Flutter

Databases: MongoDB, MySQL, PostgreSQL (Supabase), AWS DynamoDB

Cloud & DevOps: AWS (S3, EC2, DynamoDB), Docker, Nginx, Firebase

Tools & Platforms: Git, GitHub, VS Code, Android Studio, Figma, Canva, IntelliJ IDEA, Jira, n8n, Slack

Soft Skills: Problem Solving, Team Collaboration

CERTIFICATIONS & ACHIEVEMENTS

AWS Certified Cloud Practitioner (CLF-C02)

Amazon Web Services

- Earned official AWS certification demonstrating foundational knowledge of AWS services, cloud architecture, security best practices, and pricing models.

DBMS – NPTEL Certification

IIT / NPTEL

- Successfully cleared the NPTEL Database Management Systems (DBMS) proctored exam with a score of **58%**, validating core relational database concepts.
